[linkedin.com/in/f-taveras](https://www.linkedin.com/in/f-taveras) | [github.com/f-taveras](https://github.com/f-taveras)

Software Developer with a background in AV/IT, I am passionate about using code to bring ideas to life and provide customer-focused solutions. As a veteran of the United States Army, I possess strong leadership skills and a disciplined approach to problem-solving. Fluent in English and Spanish

---

### TECHNICAL SKILLS

**Languages:** Bash, Powershell, JavaScript, Next.js Python, MySQL, HTML5, CSS3.

**Skills and Tools:** Node.js, React, React Native, Git, GitHub, VS Code, Docker, MongoDB, Netlify, Linux

### PROJECTS

AI Leads, Feb 2023 - [github.com/AI-Insytes/ai-leads](https://github.com/AI-Insytes/ai-leads)

- Helped developed "AI Leads", a user-friendly app designed to make lead engaging effective. The app leverages the use of Ollama AI to generate customized messages
- Created a server running Ollama, to eliminate user processing use.
- Scrapes wordpress for user interest and info, so you can generate leads and personalized messages to them.

Code-East, Nov 2023 - [github.com/TheEastCode/ClassicSnakeGame](https://github.com/TheEastCode/ClassicSnakeGame)

- Developed a dynamic and interactive Snake game application as a part of a collaborative coding project.
- Played a key role in designing and implementing the JavaScript logic for game physics, ensuring a smooth and responsive gaming experience.
- Utilized a combination of JavaScript, CSS, and HTML to create an engaging user interface and maintain optimal performance across different browsers.

### EDUCATION

Code Fellows - Seattle, WA

Certificate - Advanced Software Development in Full-Stack JavaScript - 2024.

Bronx Community College, Bronx, NY

Associates in Media & Film Production

John Jay Community College, New York, NY

Computer science
